Six Day Creation

Created Cosmos: A Creation Museum Planetarium Show by Dr. Jason

\$14.99

The Psalmist wrote, "When I consider Your heavens, the work of Your fingers, the moon and the stars, which You have ordained, what is man that You are mindful of him, and the son of man that You visit him?" Beginning from a stunning perspective just above the International Space Station, this fast-moving DVD probes the reaches of space as you are taken on a journey beyond our solar system to the edge of the known universe . . . and back again! Combining eye-popping images and state-of-the-art animation with faith-affirming facts from science and Scripture, this awe-inspiring planetarium show reveals amazing facts about our universe while exalting God as Creator. You will travel thousands of light-years between billions of planets, stars, nebulae, and galaxies to discover the magnitude of our universe and of its Creator. The result is that a difficult message—the immense size and scale of the universe—is made simple! DVD bonus features * Audio commentary track by Dr. Lisle * Stargazers Planetarium video (2 min.) * Creation Museum Broadcast TV Commercial (30 sec.) * Demolishing Strongholds Study Series video (1 min.) * Answers magazine video (3 min.) Dr. Jason Lisle graduated summa cum laude from Ohio Wesleyan University where he double-majored in physics and astronomy, and minored in mathematics. He did graduate work at the University of Colorado where he earned a master's degree and a Ph.D. in astrophysics. While there, Dr. Lisle used the SOHO spacecraft to investigate motions on the surface of the sun as well as solar magnetism and subsurface weather. His thesis was entitled Probing the Dynamics of Solar Supergranulation and its Interaction with Magnetism. He has also authored a number of papers in both secular and creation literature.
